### TRANSPORTATION MANAGEMENT

Industry-leading Transportation Management for Shippers, Forwarders, and LSPs. Handles every mode and harnesses the power of the Global Trade Network with macro-optimization.

### YARD MANAGEMENT

Visibility into vehicle movements, and standardized processes through automation, integrated with WMS, TMS, or stand-alone for 3PLs.

### CUSTOMS MANAGEMENT

One point of interface for all customs regimes around the world. Reduce errors, lower your costs, and make your borders friction-free.

### PARCEL

Industry-leading, high-volume Parcel management platform with the flexibility and configurability to be deployed seamlessly with your desired work-flow.

### COMMERCE

Our web-based supply chain solution that enables the electronic exchange of order data/documentation and automates the direct dispatch/drop ship process.

### CONTROL TOWER

Sitting over it all, Control Tower provides you with real-time visibility tracking from origin to destination and all points in between.

### MOBILESTAR

Configurable end-to-end application connects the shipper, operations, management, drivers, and customers with real-time data and automated workflows.

Blujay Solutions is transforming supply chain logistics with the Blujay Global Trade Network. **Blujay unlocks the power of more than 40,000 universally connected partners** so companies can achieve greater trade velocity, transform their supply chain economics for disruptive advantage, and see beyond the horizon to optimize their future in the global economy. Blujay delivers solutions to the world's most progressive retailers, distributors, freight forwarders, manufacturers, and logistics service providers.
