

Together We'll Soar.

With over 7,500 customers in 112 countries, we know a thing or two about delivering value to the world's leading companies.

And it's all about people – ours and yours. We know supply chain is the ultimate team sport and every employee, whether they are from sales, accounting, support, or professional services work to make every interaction with BluJay perfect. Every action we take is about helping ensure we make our customers successful.

TRANSPORTATION MANAGEMENT

Industry-leading Transportation Management for Shippers, Forwarders, and LSPs. Handles every mode and harnesses the power of the Global Trade Network with macro-optimization.

YARD MANAGEMENT

Visibility into vehicle movements, and standardized processes through automation, integrated with WMS, TMS, or stand-alone for 3PLs.

CUSTOMS MANAGEMENT

One point of interface for all customs regimes around the world. Reduce errors, lower your costs, and make your borders friction-free.

PARCEL

Industry-leading, high-volume Parcel management platform with the flexibility and configurability to be deployed seamlessly with your desired work-flow.

COMMERCE

Our web-based supply chain solution that enables the electronic exchange of order data/documentation and automates the direct dispatch/drop ship process.

COLLABORATION

Blujay provides real-time visibility and enables easy collaboration between trading partners up and down the supply chain.

MOBILESTAR

Configurable end-to-end application connects the shipper, operations, management, drivers, and customers with real-time data and automated workflows.

Blujay Solutions is transforming supply chain logistics with the Blujay Global Trade Network. **Blujay unlocks the power of more than 40,000 universally connected partners** so companies can achieve greater trade velocity, transform their supply chain economics for disruptive advantage, and see beyond the horizon to optimize their future in the global economy. Blujay delivers solutions to the world's most progressive retailers, distributors, freight forwarders, manufacturers, and logistics service providers.
